

SAFEGUARDING POLICY

1. Aim

The purpose of this policy is to outline the duty and responsibility of staff, volunteers directors and trustees working on behalf of the organisation in relation to safeguarding vulnerable adults.

The Moses Project is committed to safeguarding the welfare of all vulnerable beneficiaries who engage with our services. It strictly abides by the **Care Act (2014)** in the monitoring of and response to any concerns regarding the safety of vulnerable beneficiaries. We have a duty to support the physical and psychological wellbeing of people and vulnerable adults and safeguarding them from all forms of abuse.

All adults have the right to be safe from harm and must be able to live free from fear of abuse, neglect and exploitation.

"Abuse is a violation of an individual's human and civil rights by any other person or person's"

A vulnerable person is an individual who is or may be for any reason unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation.

The Moses Project recognises that abuse can occur within settings where children, young people or vulnerable adults live or receive services. Beneficiaries may disclose abuse they are experiencing to our colleagues or their conduct may lead colleagues to have suspicions of abuse or concerns for their safeguarding. This policy aims to set out our approach to working with these beneficiaries to ensure the risk of harm is minimised, and that where there are concerns about their welfare, that we take appropriate actions to address them.

This policy relates specifically to the safeguarding of children, young people and vulnerable adults. This group shall be referred to as 'Vulnerable Beneficiaries in this policy. Where the term 'Vulnerable Beneficiaries' is used in this policy it is meant to relate to children, young people and vulnerable adults who are beneficiaries at The Moses Project.

1.1 Designated Safeguarding Officers

Named personnel with designated responsibility for Safeguarding;

- a) **Safeguarding Lead:** Stella Jones stella@themosesproject.co.uk
- b) **Deputy Safeguarding Lead:** Amanda Wiley amanda@themosesproject.co.uk
- c) **Trustee Safeguarding Lead:** Laurence Waters laurence@themosesproject.co.uk
- d) *As this policy is on the website mobile phone numbers are not included here however the numbers are included on the internally circulated policy.*

2. Objectives

2.1 To explain the responsibilities the organisation and its staff, volunteers, directors and trustees have in respect of vulnerable adult protection.

2.2 To provide staff with an overview of vulnerable adult protection

- 2.3 To provide a clear procedure that will be implemented where vulnerable adult protection issues arise.
- 2.4 To explain the protection and our responsibilities toward the children and young people of the adults who use our services.

3. Context

3.1 For the purpose of this policy 'adult' means a person aged 18 years or over.

3.2 What do we mean by abuse?

3.2.1 Abuse of a vulnerable adult may consist of a single act or repeated acts. It may occur as a result of a failure to undertake action or appropriate care tasks. It may be an act of neglect or an omission to act, or it may occur where a vulnerable person is persuaded to enter into a financial or sexual transaction to which they have not, or cannot, consent. Abuse can occur in any relationship and may result in significant harm to, or exploitation of, the individual.

3.2.2 Concerns about abuse will be raised and reported to the social services agency as a result of a single incident or repeated incidents of abuse. However for some clients the issues of abuse relate to neglect and poor standards of care. They are ongoing and if ignored may result in a severe deterioration in both physical and mental health and even death.

3.2.3 Anyone who has concerns regarding abuse or neglect within The Moses Project may raise these within the Project, with the regulatory body and/or with the social services agency.

3.2.4 Where these concerns relate to a vulnerable adult attending The Moses Project, they must be reported to The Directors who will report to the appropriate social services agency.

3.3 Who is included under the heading 'vulnerable adult?'

3.3.1 An Adult (a person aged 18 or over) who 'is or may be under the influence of drugs or alcohol, in need of community care services by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation'.
(Definition from 'No Secrets' March 2000 Department of Health)

3.3.2 This could include people with learning disabilities, mental health problems, older people and people with a physical disability or impairment. It is important to include people whose condition and subsequent vulnerability fluctuates. It may include an individual who may be vulnerable as a consequence of their role as a volunteer in relation to any of the above.

3.3.3 It may also include victims of domestic abuse, hate crime and anti social abuse behaviour. The persons' need for additional support to protect themselves may be increased when complicated by additional factors, such as, physical frailty or chronic illness, sensory impairment, challenging behaviour, drug or alcohol problems, social or emotional problems, poverty or homelessness.

- 3.3.4** Many vulnerable adults may not realise that they are being abused. For instance an elderly person, accepting that they are dependent on their family, may feel that they must tolerate losing control of their finances or their physical environment. They may be reluctant to assert themselves for fear of upsetting their carers or making the situation worse.
- 3.3.5** It is important to consider the meaning of 'Significant Harm'. The Law Commission, in its consultation document 'Who Decides,' issued in Dec 1997 suggested that; 'harm' must be taken to include not only ill treatment (including sexual abuse and forms of ill treatment which are not physical), but also the impairment of, or an avoidable deterioration in, physical or mental health; and the impairment of physical, intellectual, emotional, social or behavioural development'.

4. Legal Framework

- 4.1** Human Rights Act 1998, the Mental Capacity Act 2005 and Public Interest Disclosure Act 1998
- 4.2** Data Protection Act 1998, Freedom on Information Act 2000, Safeguarding Vulnerable Groups Act 2006, Deprivation of Liberty Safeguards, Code of Practice 2008
- 4.3** The Mental Capacity Act 2005, covering England and Wales, provides a statutory framework for people who lack capacity to make decisions for themselves, or who have capacity and want to make preparations for a time when they may lack capacity in the future. It sets out who can take decisions, in which situations, and how they must go about this.
- 4.4** The Human Rights Act 1998 gives legal effect in the UK to the fundamental rights and freedoms contained in the European Convention on Human Rights (ECHR).
- 4.5** The Public Interest Disclosure Act 1998 (PIDA) created a framework for whistle blowing across the private, public and voluntary sectors. The Act provides almost every individual in the workplace with protection from victimisation where they raise genuine concerns about malpractice in accordance with the Act's provisions.

5. The role of staff, volunteers and trustees

- 5.1** All staff, volunteers, directors and trustees working on behalf of the organisation have a duty to promote the welfare and safety of vulnerable adults.
- 5.2** Staff, volunteers, directors and trustees may receive disclosures of abuse and observe vulnerable adults who are at risk. This policy will enable staff/volunteers to make informed and confident responses to specific adult protection issues.

6. Types of Abuse

- 6.1** Abuse may consist of a single act or repeated acts. It may be physical, verbal or psychological, it may be an act of neglect or an omission to act, or it may occur when a vulnerable person is persuaded to enter into a financial or sexual transaction to which he or she has not consented, or cannot consent.

- 6.2** Abuse can occur in any relationship and it may result in significant harm to, or exploitation of, the person subjected to it.
- 6.3** The Department of Health in its 'No Secrets' 2000 report suggests the following as the main types of abuse:
- 6.3.1** Physical abuse - including hitting, slapping, pushing, kicking, misuse of medication, restraint, or inappropriate sanctions.
 - 6.3.2** Sexual abuse - including rape and sexual assault or sexual acts to which the vulnerable adult has not consented, or could not consent or was pressured into consenting.
 - 6.3.3** Psychological abuse - including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, isolation or withdrawal from services or supportive networks.
 - 6.3.4** Financial or material abuse - including theft, fraud, exploitation, pressure in connection with wills, property or inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.
 - 6.3.5** Neglect and acts of omission - including ignoring medical or physical care needs, failure to provide access to appropriate health, social care or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.
 - 6.3.6** Discriminatory abuse - including race, sex, culture, religion, politics, that is based on a persons disability, age or sexuality and other forms of harassment, slurs or similar treatment, hate crime.
 - 6.3.7** Institutional abuse - Institutional abuse although not a separate category of abuse in itself, requires specific mention simply to highlight that adults placed in any kind of care home or day care establishment are potentially vulnerable to abuse and exploitation. This can be especially so when care standards and practices fall below an acceptable level as detailed in the contract specification.
 - 6.3.8** Multiple forms of abuse - Multiple forms of abuse may occur in an ongoing relationship or an abusive service setting to one person, or to more than one person at a time, making it important to look beyond single incidents or breaches in standards, to underlying dynamics and patterns of harm. Any or all of these types of abuse may be perpetrated as the result of deliberate intent and targeting of vulnerable people, negligence or ignorance.

6.4 Domestic abuse

6.4.1 Home Office Definition 2004

'Any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are, or have been intimate partners or family members, regardless of gender or sexuality.'

6.4.2 Women's Aid Definition

'Domestic violence is physical, sexual, psychological or financial violence that takes place within an intimate or family-type relationship and that forms a pattern of

coercive and controlling behaviour. This can also include forced marriage and so-called "honour crimes". Domestic violence may include a range of abusive behaviours, not all of which are in themselves inherently "violent".

- 6.4.3** Most research suggests that domestic violence occurs in all sections of society irrespective of race, culture, nationality, religion, sexuality, disability, age, class or educational level.
- 6.4.4** Both definitions would therefore also include incidents where extended family members may condone or share in the pattern of abuse e.g. forced marriage, female genital mutilation and crimes rationalised as punishing women for bringing 'dishonour' to the family.
- 6.4.5** It is important to recognise that Vulnerable Adults may be the victims of Domestic Abuse themselves or be affected by it occurring within their household. This is likely to have a serious effect on their physical and mental wellbeing.
- 6.4.6** Where Vulnerable Adults are victims of Domestic Abuse, they may need extra support to plan their future. The violence or threat of violence may continue after a victim has separated from the abuser. It is important to ensure that all the vulnerable people in this situation have appropriate support to enable them to maintain their personal safety.
- 6.4.7** A separate Domestic Abuse Protocol is in place between Police, Social Services and Health.
- 6.4.8** Incidents reported by the police through the domestic abuse protocols will be addressed under the adult protection processes if it is considered that a vulnerable adult may be at risk of abuse. (See Joint Police, Social Services and Health protocol for dealing with cases of domestic abuse where vulnerable adults are involved)

7. Children

- 7.1** Whilst The Moses Project works with males aged 25+ it is acknowledged there are situations where staff and volunteers may come into contact with children.
- 7.2** It is essential that the needs and welfare of any children where there is a vulnerable adult involved are considered and acted upon. Please contact the Lead for Safeguarding or Senior Manager and/or the local social services Safeguarding Children's team for advice.
- 7.3** We abide by the duty of care to safeguard and promote the welfare of children and young people and are committed to safeguarding practice that reflects statutory responsibilities, government guidance and complies with best practice requirements.
- 7.4** We recognise the welfare of children is paramount in all the work we do and in all the decisions we take.
- 7.5** All children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation has an equal right to protection from all types of harm or abuse

7.6 Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues

7.7 Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

8. Child and Adult Abuse

8.1 Children and adults may be vulnerable to neglect and abuse or exploitation from within their family and from individuals they come across in their daily lives. There are four main categories of abuse, which are: sexual, physical, emotional abuse, and neglect. It is important to be aware of more specific types of abuse that fall within these categories, they are:

- Bullying and cyberbullying
- Child sexual exploitation
- Child Criminal exploitation
- Child trafficking
- Domestic abuse
- Female genital mutilation
- Grooming
- Historical abuse
- Online abuse

8.2 **Safeguarding children:** Safeguarding children is defined in [Working Together to Safeguard Children 2018](#) as:

- protecting children from maltreatment.
- preventing impairment of children's health or development.
- ensuring that children are growing up in circumstances consistent with the provision of safe and effective care.
- taking action to enable all children to have the best outcomes.

8.3 Training and awareness

For all employees or volunteers who may come into contact with children, this requires them as a minimum to have awareness training that enables them to:

- Understand what safeguarding is and their role in safeguarding children.
- Recognise a child potentially in need of safeguarding and take action.
- Understand how to report a safeguarding Alert.
- Understand dignity and respect when working with children.
- Have knowledge of the Safeguarding Children Policy

8.4 Social Media:

All employees and volunteers should be aware of our social media policy and procedures and the code of conduct for behaviour towards the children we may occasionally come into contact with.

8.5 Use of Mobile Phones and other Digital Technology:

All employees, trustees and volunteers should be aware of our policy and procedures regarding the use of mobile phones and any digital technology and understand that it is unlawful to photograph children and young people without the explicit consent of the person with parental responsibilities.

9. Procedure in the event of a disclosure

- 9.1** It is important that vulnerable adults and children are protected from abuse. All complaints, allegations or suspicions must be taken seriously.
- 9.2** This procedure must be followed whenever an allegation of abuse is made or when there is a suspicion that a vulnerable adult or child has been abused.
- 9.3** Promises of confidentiality must not be given as this may conflict with the need to ensure the safety and welfare of the individual.
- 9.4** A full record shall be made as soon as possible of the nature of the allegation and any other relevant information.
- 9.5** This must include information in relation to the date, the time, the place where the alleged abuse happened, your name and the names of others present, the name of the complainant and, where different, the name of the adult who has allegedly been abused, the nature of the alleged abuse, a description of any injuries observed, the account which has been given of the allegation.

10. Responding to an allegation

- 10.1** Any suspicion, allegation or incident of abuse must be reported to the Designated Adult Protection Director on that working day where possible.
- 10.2** The nominated member of staff shall telephone and report the matter to the appropriate local adult social services or other agency as appropriate. A written record of the date and time of the report shall be made and the report must include the name and position of the person to whom the matter is reported.

The telephone report must be confirmed in writing to the relevant local authority adult social services department within 24 hours.

11. Responding appropriately to an allegation of abuse

- 11.1** In the event of an incident or disclosure:

DO

- Make sure the individual is safe
- Assess whether emergency services are required and if needed call them
- Listen
- Offer support and reassurance
- Ascertain and establish the basic facts
- Make careful notes and obtain agreement on them
- Ensure notation of dates, time and persons present are correct and agreed
- Take all necessary precautions to preserve forensic evidence
- Follow correct procedure
- Explain areas of confidentiality; immediately speak to your manager for support and guidance
- Explain the procedure to the individual making the allegation
- Remember the need for ongoing support.

DON'T

- Confront the alleged abuser
- Be judgmental or voice your own opinion
- Be dismissive of the concern
- Investigate or interview beyond that which is necessary to establish the basic facts ■
Disturb or destroy possible forensic evidence
- Consult with persons not directly involved with the situation
- Ask leading questions
- Assume Information
- Make promises
- Ignore the allegation
- Elaborate in your notes
- Panic

It is important to remember that the person who first encounters a case of alleged abuse is not responsible for deciding whether abuse has occurred. This is a task for the professional adult protection agencies, following a referral from the designated Vulnerable Adult Protection Director.

12. Confidentiality

- 12.1 Vulnerable adult protection raises issues of confidentiality which must be clearly understood by all.
- 12.2 Staff, volunteers, directors and trustees have a professional responsibility to share relevant information about the protection of vulnerable adults with other professionals, particularly investigative agencies and adult social services.
- 12.3 Clear boundaries of confidentiality will be communicated to all.
- 12.4 All personal information regarding a vulnerable adult will be kept confidential. All written records will be kept in a secure area for a specific time as identified in data protection guidelines. Records will only record details required in the initial contact form.
- 12.5 If an adult confides in a member of staff and requests that the information is kept secret, it is important that the member of staff tells the adult sensitively that he or she has a responsibility to refer cases of alleged abuse to the appropriate agencies.
- 12.6 Within that context, the adult must, however, be assured that the matter will be disclosed only to people who need to know about it.
- 12.7 Where possible, consent must be obtained from the adult before sharing personal information with third parties. In some circumstances obtaining consent may be neither possible nor desirable as the safety and welfare of the vulnerable adult is the priority.
- 12.8 Where a disclosure has been made, staff must let the adult know the position regarding their role and what action they will have to take as a result.
- 12.9 Staff must assure the adult that they will keep them informed of any action to be taken and why. The adults' involvement in the process of sharing information must be fully considered and their wishes and feelings taken into account.

- 12.10 This policy needs to be read in conjunction with other policies for the organisation including:
- Confidentiality
 - Disciplinary and Grievance
 - Data Protection
 - Recruitment and Selection

13. The role of key and individual agencies

13.1 Adult Social Services

The Department of Health's recent 'No secrets' guidance document requires that authorities develop a local framework within which all responsible agencies work together to ensure a coherent policy for the protection of vulnerable adults at risk of abuse.

- 13.2 All local authorities have a Safeguarding Adults Board, which oversees multi-agency work aimed at protecting and safeguarding vulnerable adults. It is normal practice for the board to comprise of people from partner organisations who have the ability to influence decision making and resource allocation within their organisation.

13.2.1 The Police

The Police play a vital role in Safeguarding Adults with cases involving alleged criminal acts. It becomes the responsibility of the police to investigate allegations of crime by preserving and gathering evidence. Where a crime is identified, the police will be the lead agency and they will direct investigations in line with legal and other procedural protocols.

13.3 Role of designated vulnerable adult protection officer

- 13.3.1 The role of the designated officer is to deal with all instances involving adult protection that arise within the organisation. They will respond to all vulnerable adult protection concerns and enquiries.

- 13.3.2 The designated Safeguarding Leads are detailed on page 1 of this policy

13.4 Role of Line Manager

- 13.4.1 The role of the line manager is to support the member of staff, trustee or volunteer involved with the incident and to ensure the correct procedures are followed.

- 13.4.2 The line manager could, if agreed with the staff member dealing with the incident, make contact with the designated Adult Protection Lead in the first instance.

- 13.4.3 The line manager must ensure that all staff within their team are familiar with the organisation's vulnerable adult protection procedures and ensure that all staff undertakes training, where appropriate.

13.5 Training

- 13.5.1 Training will be provided, as appropriate, to ensure that staff are aware of these procedures. Specialist training will be provided for the member of staff with vulnerable adult protection responsibilities.

13.6 Complaints procedure

13.6.1 The organisation has a complaints procedure available to all staff, volunteers and trustees.

13.7 Recruitment procedure

13.7.1 The organisation operates procedures that take account of the need to safeguard and promote the welfare of vulnerable adults, including arrangements for appropriate checks on new staff, volunteers and trustees where applicable.

14. References, internet links and further sources of information'

14.1 No Secrets' report

14.1.1 The first national policy developed for the protection of vulnerable adults, for use by all health and social care organisations and the police. It introduced guidance around local multi-agency arrangements and was issued under Section 7 of the Local Authority Social Services Act 1970. Its implementation is led by local authorities with social services responsibilities.
